

Rotary Scissor Lifts

Low Profile Scissor Lift

The Rotary Low Profile scissor lift specifically covers the requirements in the field of tyre and body work services. However, it is also an ideal workplace for maintenance work and work on the vehicle interior in the workshop. A reasonable investment allows the quick set up of an additional universal workspace without foundation work.

Folding ramp extensions.

Double acting hydraulic system.

New extended platform width and length.

Ergonomic control panel.

Mobile kit included as standard!
