

XS30

LOW PROFILE SCISSOR LIFT

The Rotary Low Profile scissor lift specifically covers the requirements in the field of tyre and body work services. However, it is also an ideal workplace for maintenance work and work on the vehicle interior in the workshop. A reasonable investment allows the quick set up of an additional universal workspace without foundation work.

**Mobile kit
included as
standard!**

CAPACITY
3.0_T

**Folding ramp
extensions.**

**Double acting
hydraulic system.**
