

WORKSHOP PLANNING & INSTALLATIONS

THE TRADE GROUP

THE GARAGE EQUIPMENT SPECIALISTS

NOT JUST A SUPPLIER...
BUT A COMPLETE SERVICE

A comprehensive Installation Portfolio

As you can see from the following pages, The Trade Groups garage installation portfolio is comprehensive and continually growing and includes the smallest independent garage or fastfit to the biggest auto dealership garages and CV fleet workshops in the country. All projects are tightly managed, from the initial client discussions, through the planning and CAD drawing stage, including experienced product advice and selection, to full installation of equipment and services, including staff training and complete ongoing technical service support and maintenance schedules.

Recommended and endorsed by the worlds leading vehicle manufacturers
